PROFESSIONAL SUMMARY

Computer Science graduate specializing in Artificial Intelligence with internship experience in Technology Consulting at Ernst & Young Consulting Sdn Bhd (EY). Experience supporting frontend development, UI improvements, testing, and debugging for web and mobile applications. Familiar with Python, Java, JavaScript, HTML/CSS, and machine learning, with a strong interest in software development and practical technology solutions.

EDUCATION

Taylor's University

Subang Jaya, Malaysia

Bachelor of Computer Science (Hons), Specialization in Artificial Intelligence

Completed all graduation requirements: April 2026

Official transcript available: June 2026 | Graduation ceremony: July 2026

First Class Honours | CGPA: 3.77/4.00 | Dean's List

Toyo University

Tokyo, Japan

Student Exchange Programme

Sept 2024 – Jan 2025

PROFESSIONAL EXPERIENCE

Technology Consulting Intern (Digital Engineering)

Ernst & Young Consulting Sdn Bhd (EY), Malaysia

Sept 2025 – Jan 2026

- Supported frontend development and UI improvements for enterprise web applications.
- Updated Razor (cshtml) pages, JavaScript interactions, CSS styling, and UI layouts based on design requirements.
- Fixed UI issues including popups, content display, page layouts, and button positioning.
- Assisted with UI improvements and testing for a Flutter-based mobile application.
- Performed testing, debugging, and iterative fixes under guidance of senior developers.

PROJECTS

MediPear - Capstone Project

March 2026

- Developed machine learning model for medical content credibility scoring using NLP techniques.
- Implemented web platform features and user interaction functions within a team-based capstone project.

Sentiment & Mental Health Analysis

March 2025

- Evaluated ML classifiers; Random Forest achieved 89.9% accuracy on test data.

X-ray Fracture Detection (Computer Vision)

July 2024

- Fine-tuned ResNet50 on X-ray data, achieving 92% accuracy and 0.93 F1-score for fracture classification

TECHNICAL SKILLS

HTML, CSS, JavaScript, Python, Java, SQL, Razor (cshtml), React.js, Git, GitHub, Visual Studio, VS Code, Figma, Machine Learning, NLP, Computer Vision
